Wellfleet, MA 02667

January 30, 2007

H32

Dear Interested Party:

Enclosed is a copy of the correspondence "Potential New Area of Significance, Dune Shacks of the Peaked Hill Bars Historic District, Barnstable County, Massachusetts" from the Acting Regional Director, Northeast Region of the National Park Service, to the Keeper of the National Register. The correspondence was sent to the Keeper on January 30, 2007, via overnight mail.

With the exception of the report "*Dwelling in the Dunes*" written by Robert J. Wolfe, we have sent you all of the attachments that were sent to the Keeper. Dr. Wolfe's report continues to be available on the Cape Cod National Seashore website, [www.nps.gov/caco](http://www.nps.gov/caco).

The public will have 45 days to provide comments to the Keeper of the National Register. The comment period begins on the precise date that our correspondence is received and date-stamped by the secretary in the Keeper's office in Washington, D.C.

Should you wish to comment, it is advisable to do so early in the comment period so your comments can be taken into account early in the Keeper's consideration of this potential new area of significance. If you know of others who wish to comment, a copy of this correspondence has been posted to our website at the above address.

Comments should be sent to:

J. Paul Loether  
Chief, National Register and National Historic Landmarks Program  
National Park Service  
1201 Eye Street NW  
Washington, D.C. 20005

Sincerely,

George E. Price, Jr.  
Superintendent
